## PREFACE

Preschoolers learn “pre-skills” which lay the groundwork for the future. Through their playing, singing and learning, preschoolers gain skills which ultimately help them learn to read, write, build their language, math and general awareness skills and become successful students. Preschoolers also learn “school readiness” skills which help them understand the routines of school, how to work in groups and how to be a student.

Preschool classrooms are often organized by centers or areas which are divided by different subjects and types of play. The school day is structured with both time for free play, during which children can choose which centers to play in, as well as structured schedule devoted to each subject.

Though it may seem like it, preschool is not all fun and games. In fact, preschoolers learn through the fun and games! Research has shown that the development of early literacy and math skills in preschool is associated with future school achievement in both mathematics and literacy. It is believed that a child must learn through interactive fun-filled activities. It is our endeavor to provide learning which can be supported with assignments and play activities.

The illustrations in the book have been made colourful to create interest among children. The language in the book has been kept simple to suit the age group.

We hope that our book will contribute towards making Preschool learning appealing and fun filled.

## CONTENTS

### LET'S FUN READ TO WRITE

• Recap Aa-Zz _____	1 to 2
• Two letter words _____	3 to 4
• CVC words _____	5 to 16
• Blends _____	17 to 77
